COLLEGE OF THE HOLY CROSS,  
WORCESTER, MASS.

---

THE COLLEGE OF THE HOLY CROSS was founded in the year 1843, by the RT. REV. BENEDICT JOSEPH FENWICK, Second Bishop of Boston, and, in 1846, was ceded by him to the Fathers of the Society of Jesus. In 1865, it was incorporated by the Legislature of the State, with power and authority "to confer such Degrees as are conferred by any College in this Commonwealth, except Medical Degrees."

The College stands on the heights of Worcester, and commands a charming view of the City and surrounding country. The location is remarkably healthy, and the buildings are large and convenient.

## COURSE OF STUDIES.

---

THE Course of Studies in this College embraces, in its whole extent, a period of seven years, of which three are given to the Preparatory and Junior Classes, and the remaining four to the Senior. The last of these years is devoted exclusively to the study of Rational Philosophy and the Natural Sciences. Each student, however, on entering the College, will be assigned to the particular class for which it may appear, after an examination by the Prefect of Studies, that he is fitted. Thence he will pass by regular gradation through the remainder of the Course.

No applicant is admitted who has not made some progress in studies, and who has not a good moral character. It will be required of each student to pursue *the Regular Course*, as experience has proved that exception in this regard is a source of great inconvenience.\*

The study of the French language is a part of the College Course. The other modern languages may be taught if required ; but together with Music, Drawing, &c., will form additional charges.

The Academic year begins on the first Wednesday of September, and ends on the last Thursday in June.

The following schedule embodies the Course of Studies pursued in this Institution :

---

\* Students from other Schools, who seek admission into the higher Classes of the Course, are required to add to other sufficient attainments a competent knowledge of the rules of Latin Prosody.

## PHILOSOPHY.

## SENIOR CLASS.

The students of Philosophy attend three separate courses of Lectures.

The Course of Rational Philosophy includes Logic, Metaphysics and Ethics. In these studies the text-books are Latin, and that language is used in the daily lectures and recitations.

The Course of Natural Philosophy includes Physics, Mechanics and Astronomy.

The Course of Chemistry embraces Inorganic and Organic Chemistry.

\*The two years' Course of Natural Science for the Classes of Rhetoric and Philosophy, is so arranged that whatever study may be entered upon in any one year, will, in that year, be concluded.

## EXAMINATIONS AND REPORTS.

There are two Examinations in the year: the 'Middle,' at the end of the first term, about the last week in January; and the 'Final,' immediately before the close of the Academic year, in June.

At the conclusion of the 'Middle' Examination, which comprises all the matter studied during the preceding half-year, the standing of each student is publicly announced. A Report of this Examination, together with the grade occupied by each one during the term, is sent to Parents and Guardians.

The 'Final' Examination is held at the conclusion of the second term, and embraces all the matter of that term. Parents, or Guardians, by means of printed Reports, are informed of the position held by their sons, or wards, at this Examination and during the previous term.

At any time during the year, and particularly at the 'Middle' Examination, if any one be found worthy of passing to a higher Class, he will be promoted; and such promotion is equivalent to the honors of the class he leaves.

---

DEGREES.

The candidate for the Degree of Bachelor of Arts must undergo an examination in Rational and Natural Philosophy, Astronomy and Chemistry, and must be well acquainted with Latin, Greek and Mathematics. He is also required to write a speech, or essay, on a literary, scientific or moral subject, a copy of which must be left at the College. If he remain longer in College, and pursue the higher branches of Rational and Natural Philosophy, or if he graduate in any learned profession, after completing the above Course of College Studies, he may receive the Degree of Master of Arts.

## AWARDS OF MERIT.

The prizes of the Annual Distribution in June are awarded to those who, by their Class-Exercises during the year, and the excellence of their Examinations, attain the highest number of 'marks.' As no allowance will be made for absentees, Parents who permit their sons to remain at home beyond the period allotted for vacation or recess, cannot expect to see them hold distinguished places in their Classes.

The Faculty and students are assembled at the beginning of each month, when the 'marks' and the standing of the students in their respective Classes are publicly proclaimed, and testimonials awarded to the deserving.

---

## HOLIDAYS.

Christmas Vacation begins at noon on the 23rd of December, and ends on the afternoon of the 7th of January. Students will be allowed to visit their parents at this time, *but on none of the other ordinary Holidays throughout the year.* The ordinary Holidays are as follows: Festivals of Obligation, State and National Holidays, two days after the 'Middle' Examination, Easter Monday, and Pentecost Monday. On the second Saturday of each month, students whose homes are in Worcester will be allowed to visit them. They must return on Sunday evening.

---

## SPECIAL REMARKS.

Testimonials as to good moral character, and of honorable dismissal are required of applicants from other Institutions. Careful attention is bestowed on the religious and moral training of the students, who, even in the hours of recreation, are under the care of the Officers of the College.

Every student is required to attend regularly to his religious duties.

Books, papers, periodicals, &c., are not allowed circulation in the College, unless previously revised by the Prefect of Discipline.

All letters written by the students, except those to Parents or Guardians, are subject to inspection by the Prefect of Discipline. In like manner, all letters, except those known to be from Parents or Guardians, are liable to be opened, at the discretion of the Prefect.

For faults of ordinary occurrence, failure in recitations, or minor instances of misconduct, a task is sometimes imposed, as for instance, lines from some classical author, to be committed to memory or written after Class-hours. But flagrant offences, such as are detrimental to the reputation of the College, or are obstructive of the good of the pupils, are grounds for expulsion.

## REGULATIONS FOR DAY-SCHOLARS.

Classes begin at 8.15 A. M., and continue until 11.10. They are resumed at 2.30 P. M., and continue till 5 o'clock.

Punctual attendance at these hours is required, and no one, after absenting himself or coming late, will be received in Class without a note from a Parent, or Guardian, countersigned by the Prefect of Schools.

Day-Scholars who do not return home at noon, will be required to prepare their lessons in the Study-Hall, at the regular hours.
